

Dear Families

I am writing to provide you with information about Edrolo, a study program and exam resource that will be utilised across a range of VCE subjects in 2017.

Edrolo is the only comprehensive, premium, online, interactive video and exam simulation resource for the VCE and has been assessed as a fantastic resource for our VCE students. Edrolo is currently used by over 40,000 students across 200 schools, and we are confident it is an extremely valuable investment, providing our students with a differentiated and targeted level of support as they prepare for their most important examinations.

What exactly is Edrolo?

Edrolo is an extensive study and exam revision resource crafted by experienced VCE teachers (including exam assessors, textbook authors, and department heads). Edrolo is built in accordance with the VCAA Study Designs to guide through their coursework during the year and final exam preparation.

Edrolo is broken up into two key elements:

- **Theory Master:** Interactive video courses mapped to each subject's Study Design and presented by proven expert teachers. Each subject's Theory Master has 100s of videos and interactive quiz questions for students to learn from and test themselves on.
- **Exam Master:** Online simulated practice exams offering video solutions for every single exam question, incorporating unique insights and diagnostic study tools enabling students to identify and target their individual areas of weakness.

Sitting behind Edrolo are rich analytics that our teachers will use to better understand the learning needs of students, and thereby be able to provide more targeted support than has ever been possible with traditional resources.

How will students use Edrolo?

Our teachers will guide students on how to make full use of Edrolo in a range of ways across the year, including using Edrolo for

- holiday homework;
- pre-class work;
- post-class consolidation;
- assessment preparation; and,
- exam revision.

What does Edrolo cost?

As a school subscribing to Edrolo we are able to secure preferred pricing of \$25.00 per subject. This compares very favourably with other resources, such as study guides (~\$30-\$40 per subject), revision lectures (\$50-\$120 per subject) and private tuition (~\$40-\$100 per hour). Edrolo has been deemed an outstanding support resource, which will provide our students with the best opportunity to perform to their potential on their final examinations.

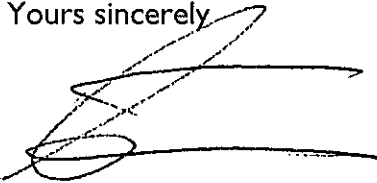

What you need to do

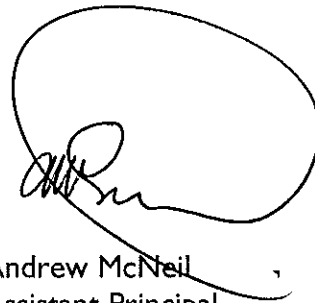

Edrolo will be incorporated into your existing fees as an optional item. We do, however, strongly recommend you take the option up. As Edrolo is provided by an external provider only those students who have paid for it will be able to access it. We will be making Edrolo available through the Transition period to all students. Please note that this access will cease for any students who have not paid for the item by 10 February 2017.

If you have any queries regarding Edrolo please feel free to contact me on 9757 8637 or luc@upweyhs.vic.edu.au.

Yours sincerely
